FOR IMMEDIATE RELEASE

NEW NUVO COSMETICS – NATURAL EUROPEAN SKIN CARE

Nuvo Cosmetics, Ltd of Madison, Wisconsin, a leading supplier and retailer of natural European skin care products, announces the introduction of sixteen revolutionary new products. The new products have been developed by a team of Italian professors and scientists from the University Federico II of Naples, and the University of Salerno, working in collaboration with Nuvo Cosmetics. The experts working with Nuvo Cosmetics are specialists in the fields of Chemistry, Pharmacology, Dermatology, Cosmetology, and Herbalism, and together with Nuvo Cosmetics they to develop new skin care products using all natural ingredients. The experts have come up with products made using techniques of artisans from the past, with ingredients such as almond oil, avocado oil, aloe vera, chamomile, marigold, yarrow, and other herb extracts, essential vitamins, and antioxidants. Field testing of the new products have shown them to have skin healing and beauty restoring qualities with long lasting results. Information about these exciting new products can be found at www.nuvocosmetics.com. The Nuvo Cosmetic website has been updated to allow for easier navigation and with additional information and skin care related tips.

###

About Nuvo Cosmetics:

Nuvo Cosmetics offers the finest natural European skin care products that capture the best of science and time-tested natural ingredients. By embracing nature's treasures, we are proud to continue hundreds of years of tradition, when people blended healing ointments and beautifying lotions from wild organic herbs and nutrient rich oils.
